WOOD'S CROP SPECIAL

Giving Timely Information and Prices of Seasonable Seeds

Mention Price List No. 523

SEPTEMBER 5, 1957

FOR DELIVERED PRICES ON SEEDS.

At a small additional charge, we will prepay freight on shipments of 300 lbs. or over on combination orders of Grass and Clover Seeds, and 12 bushel lots and over on Seed Grains. This will apply to rail or truck only. For delivered prices on a combination order of 300-lb. lots of Grasses and Clover and over or 12 bushels or more of Grains, we will prepay freight on the basis of the following increases over prices quoted on this list, to points in States mentioned:

	Grass and Clover Per lb.	Seed Oats per bu.	Barley per bu.	Seed Wheat per bu.
ALL VIRGINIA POINTS, ADD.....	1 1/4¢	20¢	30¢	40¢
ALL NORTH CAROLINA POINTS, ADD.....	1 1/2¢	20¢	30¢	40¢
ALL SOUTH CAROLINA POINTS, ADD	1 3/4¢	25¢	35¢	45¢
ALL MARYLAND POINTS, ADD	1 1/2¢	35¢	50¢	60¢
ALL WEST VIRGINIA POINTS, ADD.....	1 3/4¢	40¢	60¢	75¢

All other items on this list quoted F.O.B. Richmond, unless otherwise stated. As example, on an item quoted at 30¢ per lb., the prepaid price will be 1 1/4¢ per lb. advance, or 31 1/4¢ per lb. delivered to Virginia points, etc., on a combined order of 300-lb. lots and over.

Kindly include the above increases when remitting, if you wish us to prepay freight.

Wood's Double Cleaned, Treated Seed Grains

GROWN FROM REGISTERED OR CERTIFIED STOCK SEED 99% PURE

New Bags. High Germination

We Treat all Wheat, Oats and Barley to insure better stands and disease-free crops.

We grow many thousand acres from the finest Registered or Certified Stock. No crop is planted in a field where other small grain grew last season. All fields are carefully rogued and fields inspected for certification.

PLANTING STOCK FOR CERTIFICATION—Write for prices on the following: Seneca Wheat, Thorne Wheat, Wong Barley, Fulwood Oats, Woodgrain Oats and Fulgrain 3 Oats.

Longest Bros. field of FULWOOD Oats yielded over 100 bushels per acre.

Fulwood

Ouyielded all other oats on the recommended list in the Piedmont section of N. C., on a 4 year average. Was second highest yielding in the Coastal test. Also recommended in Virginia for February planting. In eastern Virginia fall or spring planting.

Fulwoods are nearer to the type of oat most desired by all farmers; shortest strawed oat entered in N. C. and Va. tests; they ripen uniformly; slightly earlier than Woodgrain. Our tests show they stand better on rich land, also under high fertility conditions than other varieties.

Woodgrain

One of the most outstanding oats developed in recent years. Ouyielding all other oats on the recommended list on a 4 year average in the official N. C. Coastal Plain Test.

Excellent in uniformity, of ripening, standability, stowing and seed quality. Approximately the same maturity as Fulgrain. Especially recommended for mid-winter planting in Virginia; fall and mid-winter planting in the Carolinas. Can plant up to March 7th. Recommended for grain, hay or silage.

Fulgrain 3

Resistant to Victoria Blight. An Improved Fulgrain Selection. Very popular due to high yield, standability and earliness. Usually ready to harvest 10 days earlier than regular Fulgrain and Victorgrain.

Sow 2 1/2 bus. per acre.	30-bu.	Per bu.
TREATED. New 3-bus. bags.	Lots	32 lbs.

T. W. WOOD & SONS
RICHMOND, VA.
SEEDSMEN SINCE 1879

KANSAS ALFALFA U. S. Verified Origin

Premium Quality. Eligible for P.M.A. For years Kansas has been recommended by the U.S.D.A. and Southern state experiment stations, where it has made top yields, persisted longer, resisted diseases and winters.

Put alfalfa on deep, well drained soils. Use 1,000 lbs. of borated 2-12-12 at seeding and 800 lbs. each spring. Inoculate and sow 25 lbs. per acre in August or September on a firm seedbed; cover one-fourth inch; cultipack or drag.

KENTUCKY 31, The Most Popular Tall Fescue
Forms a thick, tough turf that holds up cattle when wet, withstands heavy tramping, ideal for golf fairways, athletic fields, parks, airfields, parade grounds or lawns where Ky. Blue dies out. Its strong roots open up hard subsoil, adds organic matter, prevents erosion on steep banks, roadsides, terraces or waterways.
Good pastures need about 60% grass to prevent bloat and 40% legumes for nitrogen and protein. Ky. 31 may be killed by too close grazing the first year, in hot summer or cold winter. It doesn't grow much in summer and needs Orchard, Dallis or Bermuda. For year 'round pasture sow it in the fall on established sericea lespedeza, mow or graze lightly the following summer. To keep it from choking out Ladino sow Ky. 31 in 8 to 24 inch drills, ¾ inch deep, then broadcast Ladino on top without cover.

Conditions of Sale: The seeds, bulbs and plants listed here have been sold and are delivered upon the condition that if they are not true to name and kind or are not as otherwise described on the label or container, the seller's liability is limited to the purchase price thereof. If this condition is not satisfactory, they should be returned at once for proper credit.
Postpaid Prices apply to Va., N. C., W. Va., Md., Del., N. J., Penn.
Postage on Field Seed to Other States: To S. C., Ga., Ky., Tenn., Ohio, Ind., N. Y., New England and Mich., add 5¢ per pound to postpaid prices.
To Ala., Ark., Fla., Ill., Iowa, La., Miss., Mo., and Wisc., add 7¢ per pound.
To Texas, Okla., Kansas and Neb., add 9¢ per lb. to postpaid prices.
Postage Does Not Include Express or Freight Charges

WEED KILLERS

Ammate Weed Killer

Kills Poison Ivy. Exterminates weeds in walks, driveways, tennis courts, etc. Deadly to vegetation but harmless to humans, animals and birds. Entirely free from fire and explosion hazards and exerts only temporary soil sterilization. 1 lb. to a gallon of water kills poison ivy; 1 to 3 lbs. to a gallon kills deep rooted perennials and is enough for 100 square feet of heavy growth. Postpaid, 2-lb. size, \$1.50; 6-lb. size, \$3.50. Not postpaid, 2-lb. size, \$1.15; 6-lb. size, \$2.95.

Weedone—New Improved 2-4-D and 2, 4, 5-T Weed Killer

Contains the powerful 2, 4, 5-T and 2, 4-D, the two most effective chemicals for killing lawn weeds, poison ivy, poison oak, honeysuckle, wild blackberries, wild raspberries and over 90 other weeds and woody plants without killing the grass. Non-poisonous to animals or humans. Kills a greater variety of lawn weeds and woody plants than any products containing only one of these chemicals. Does not give off vapors that cause injury to flowers or ornamentals. Postpaid, 8-oz. can, \$1.25; 1-quart can, \$3.15; 1-gallon can, \$7.50. Not postpaid, 8-oz. can, \$1.00; 1-quart can, \$2.75; 1-gallon can, \$6.75; 5-gallon can \$24.75.

Weedone Brush Killer 32

2, 4, 5-T Plus 2, 4-D. Contains butoxy ethanal ester formulation. It will emulsify with water or mix with Diesel oil, kerosene or water-oil mixture. Will kill all woody plants and weeds on roadsides and fence rows. Postpaid, 1-quart can, \$4.20; 1-gallon can, \$8.00. Not postpaid, 1-quart can, \$3.75; 1-gallon can, \$7.25; 5-gallon can, \$34.50.

Weedone Crab Grass Killer (with Sodar)

Kills Crab Grass and Chickweed without killing the grass. Non-poisonous to humans or animals. One application will kill crab grass and chick weed under proper conditions, without killing clover, bluegrass, fescue or other deep-rooted perennial grasses. Postpaid, 4-oz. can, \$1.50; 12-oz. can, \$3.00; 1-lb. can, \$3.75. Not postpaid, 4-oz. can, \$1.25; 12-oz. can, \$2.75; 1-lb. can, \$3.50.

Sodium TCA 90% Weed Killer

For control of Johnson, Bermuda and Quack Grasses. This means root kill as well as top kill. Can be applied as a spray or dry treatment. By mail postpaid, 10-lb. can, \$5.50. Not postpaid, 10-lb. can, \$4.75; 50-lb. drum, \$19.00; 100-lb. drum, \$36.00.

Crag Herbicide—1

Especially recommended for strawberries. As soon as you spray or sprinkle the solution on the ground it becomes a chemical that kills germinating seeds and seedlings that are starting to sprout in the upper soil layer. For this reason, it will not kill established weeds and should be used on newly cultivated soil. It will not injure plants with deep root systems. Postpaid, 4-oz. can, \$1.75; 1-lb. bag, \$4.75. Not postpaid, 4 ozs. \$1.50; 1 lb. \$4.49.

D-Con—Ready Mixed Bait

It is one thing to have a good rat killer—and another thing to get Rats and Mice to eat it. D-Con combines Warfarin with LX 3-2-1, an ingredient that makes D-Con more attractive or your money back. Postpaid, 1-lb. pkg., \$1.95. Not postpaid, \$1.69.

Fly-Flakes

Attention Poultrymen, Dairymen, Farmers, Housewives! Simplest Fly Killer in history. No spraying, just scatter by hand. Flies feast and die. Postpaid, 2-lb. bag, 90¢; 5-lb. bag, \$1.75; 10-lb. bag, \$3.00. Not postpaid, 2 lbs. 60¢; 5 lbs. \$1.25; 10 lbs. \$2.25.

Dogs are creatures of habit. Correct the habits of the dog and you will have no further trouble. Dogzoff makes this training possible. If you wish to keep the dogs away from trees or flower beds, off porches or furniture, simply spray

Dogzoff. One application lasts several weeks—long enough usually to break even the most stubborn dog of his bad habits. Repels dogs, cats, moles, mice and rabbits. Protects shrubs, garden plants, porch furniture and trees. By mail postpaid, 3-oz. bottle, 90¢; 1-pint size, \$2.75. Not postpaid, 3 oz. 75¢; 1 pint, \$2.50.

Sargent Garden Tools

No. 15-6 Parrot Head Pruner

Perfect for women. Has pistol grip, tool steel blade, locking safety catch.

Postpaid, \$1.95

No. 15-8 Parrot Head Pruner

For heavy duty, all-purpose pruning and larger cutting capacity.

Postpaid, \$2.75

No. 91-22 Hedge Shear

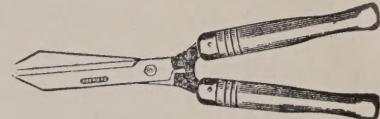

With double spring action saw edge blade for heavy duty work.

Postpaid, \$3.95

No. 90-22 Hedge Shears

Standard model for light pruning.

Postpaid, \$2.70

No. 75-26 Long-Handle, Heavy Duty Pruner

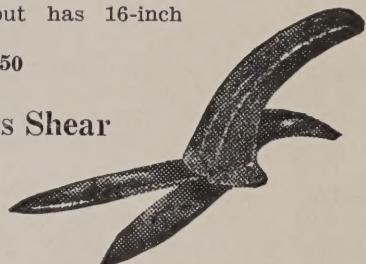

Built to make extra heavy pruning easy. Handles 20 ins. long.

Postpaid, \$3.70

No. 75-20 Pruner

Same as No. 75-26, but has 16-inch handles.

Postpaid, \$2.50

No. 17 Sargent Grass Shear

Self-adjusting for trimming; hollow ground steel blades; comfortable hand-fitting handles.

Postpaid, \$2.25

Point Cut Pruner

Cuts close and clean without the slightest injury to the bark, cuts that heal quickly. Both blades have sharp cutting edges. Has slide shift power slot for tough, heavy branches. Postpaid, \$9.25. Not Postpaid, \$8.75.

Cyclone Seed Sower

The Cyclone is a splendid seed sower that will pay for itself in a few days in the time it will save, besides sowing grass and clover seeds and grain of all kinds faster and more evenly and uniformly than is possible by hand. It will sow as fast as you can walk, and the quantity can be regulated to any amount

to the acre.

By mail postpaid, \$4.65. Not postpaid, \$4.25

Seymour Seedkaster

The Seymour Seedkaster is built of pressed Zinc-grip Steel; the body is one piece of deep drawn steel without a seam or weld; the gears are sealed within a dust-proof chamber; lubricated so they will operate indefinitely without oiling.

The Seedkaster is capable of distributing fertilizer as well as all seeds; capacity 18 quarts.

By mail postpaid, \$8.25. Not postpaid, \$7.85

Petpak Pet Supplies

PARAKEET SEED—A properly balanced mixture of several different seeds. Postpaid, 14 oz. carton, 60¢. Not postpaid, 14 oz. carton, 35¢.

Seneca Wheat

Is a twin sister of Thorne, identical except it yields more, has higher test weight
per bu., best grain quality, and is replacing it. It looks like Thorne, big, long solid
heads, copper color, medium tall, very stiff straw, resists storms, winter, mosaic
and loose smut; stools well. Virginia recommends it. Low in lodging.

Thorne Wheat

Most popular wheat in the Upper South, is smut, mosaic, mildew and winter
resistant. Stands up well, combines easy; large heads, big, plump grain, good
milling quality. Recommended in North Carolina mountains.

Atlas 66 Wheat—SOLD OUT

Atlas has made record yields and is recommended from Louisiana to Maryland.
It has very dark green foliage, vigorous fall and winter growth, and is the best for
winter pasture. It has stiff, medium tall straw, easy to combine.

Lee Cold Proof Oats—SOLD OUT

Unusual Vigor; Very Productive. Resistant to Victoria blight. Has made con-
sistently high yields in state Experiment Station tests, around 100 bus. per acre.
Makes large yield of hay. Very winter hardy.

Arlington Oats

High yielding both for grain and hay. They are more winter resistant than
many varieties and can be planted later. They are disease resistant, grow off fast
in the fall, have a wide leaf and easy to combine.

Wood's Hollybrook Brand
Alfalfa Seed for Making Tea

USED FROM COAST TO COAST

Hundreds of customers tell us that
Alfalfa Tea is very beneficial in the
relief of Arthritic and Rheumatic like
pains. We have a complete file of
letters from a vast number of satisfied
customers, telling us the great relief
obtained from using Alfalfa Tea,
where other remedies have failed.
Double boxed to prevent contamination.
Directions in each package.

Postpaid, 1-lb. box, \$1.95
5 boxes, \$9.00

Wood's Bird Scatter Food

Attracts doves, quail, turkey and other
game birds to your farm, ducks and
geese to your marshes or song birds to
your home.

In winter, especially February and
March, little native food is left. Birds
range far to find it. Help birds through
this critical period by feeding **WOOD'S
BIRD SCATTER FOOD**. It furnishes
nourishment and warmth in the coldest
weather. Birds never forget where they
found food when they needed it.

Birds, like humans, need a variety of
foods to keep them healthy and able to
withstand the hardships of winter. Our
formula has a wide assortment of ingre-
dients, all beneficial and relished by
game birds. It has no weed seed to
grow the next summer.

Feed Wood's Bird Scatter Food regu-
larly during cold winter months, espe-
cially during snows.

Wood's Permanent Pasture and Hay Mixtures

Sow 25 lbs. per acre. 100-lb. bags, \$27.00; 5-bag lots, \$26.50

Pasture Mixture 1, for light gravelly or sandy soil

Pasture Mixture 2, for good loam or clay soil

Pasture Mixture 3, for moist bottom land

Hay Mixture 6, for light gravelly or sandy soil

Hay Mixture 7, for good loam or clay soil

Hay Mixture 8, for moist bottom land

Southern Permanent Pasture and Hay Mixture 12 produces tremendous yields of the finest pasture and hay on both light and heavy soils in the Southern Coastal area.

Experiment station tests show yields of pasture and hay increase as more seed per acre is sown, up to 25 lbs. and as more different compatible clovers and grasses are added.

They concluded: "Using more than one legume in a mixture is a good insurance investment because species differ in adaptability to soil, climatic and biological growth factors."

Our mixtures proved superior for 4 generations contain 6 grasses and 8 legumes, are well balanced, cannot bloat. Nitrogen from legumes keeps grasses dark green and vigorous.

Contains Ladino, Red Clover, Alfalfa, White Clover, Alsike, Birdsfoot Trefoil, Ky. Blue, Red Top, Ky. 31 Fescue, Rye Grass, Timothy, Orchard, etc.

How to Fertilize and Seed a Pasture

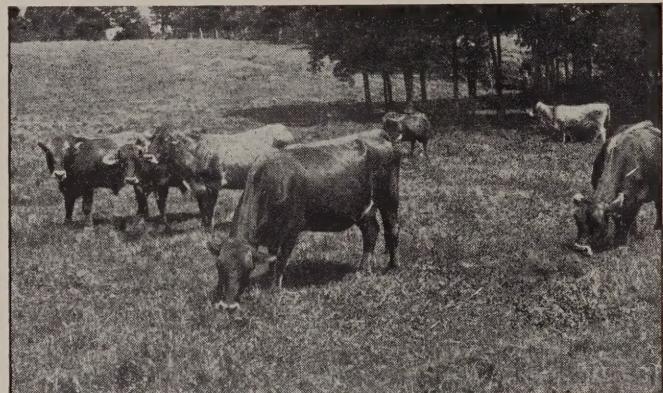

If the field has not been limed recently plow or disc in about a ton per acre before seeding. Deep roots withstand droughts. Encourage deep root growth by plowing down one-half of the fertilizer. Harrow in the rest just before seeding. Use 2-12-12 on heavy or rich soils. Use 5-10-10 on light or poor soil. Up to 1,000 lbs. per acre pays.

The secret of good stands is **seed shallow on firm seed beds and press the seed to the soil**. Grass and clover seedlings have short roots and must catch hold quickly or die. They smother out if covered over one-fourth inch on heavy soils or one-half inch on light sandy soils. Before planting, harrow and roll until seedbed is firm. Harrow the seed in very lightly then press firm with cultipacker or roll.

Sow 25 lbs. per acre in early fall so the seedlings can grow deep roots to withstand winter freezing and thawing. In the Piedmont or Mountains sow our Mixtures 1 to 8 to suit your soil. In Coastal Plains sow our Southern Mixture 12.

Renovating Worn Out Pastures or Broom Sedge Waste-land, disc or harrow in the lime and fertilizer. Seed and roll firm. Lime gets rid of the broom sedge and encourages legumes, which enrich the soil with nitrogen, stimulates the growth of good pasture grasses and increases their protein, mineral and vitamin content. Pastures yield three times more after renovation. Swamps may make your best pasture if ditched or drained and Pasture Mixture 3 sown.

Wood's Grass Seeds are thoroughly cleaned and tested, have the highest purity and germination to produce quick stands and vigorous growth of productive, weed-free hay, pastures, beautiful lawns or parks.

Wood's Grain Pasture Mixture

Furnishes more grazing in less time and at less cost than other spring crops. Highly nutritious balanced diet. Cannot cause bloat. Reduces grain feed when costs are high. Saves labor in feeding. Small grains make more growth in cool weather than pasture grass or legumes. Our mixture contains Oats and Rye Grass, Beardless Barley, Wheat and Rye, which grow in colder weather than oats. Dwarf Essex Rape stays green and palatable in the coldest weather, high in vitamins and relished by all livestock, particularly hogs and poultry. Crimson Clover and Hairy Vetch supply proteins for growth and warmth in cold weather and enrich the soil with nitrogen. The ideal nurse crop for seeding permanent pasture mixtures. Drill 100 lbs. per acre.

100-lb. bag, \$8.75; 5-bag lots, \$8.50, f.o.b.

Wood's Grain Hay Mixture

Makes bumper crops of nutritious hay, easy to cure, relished by all livestock. A balanced ration of protein, vitamins and other food elements. Much more productive and palatable than oats or any other crop sown alone. Ideal nurse crop for seeding permanent grass and clover, as it comes off early. Sow 100 lbs. acre. Fertilize well.

100-lb. bag, \$8.50; 5-bag lots, \$8.25, f.o.b.
